Elements of Fiction Study Guide. STUDY. Flashcards. Learn. Write. Spell. Test. PLAY. Match. Gravity. Created by. timo_fukar. Fiction is writing that comes from an author's imagination. It comes in two forms: short story and novel. A short story usually revolves around a single idea and is short enough to read in one sitting. A novel is longer ...

Elements of Fiction Study Guide Flashcards | Quizlet

People have known about elements like carbon and gold since ancient time. The elements couldn't be changed using any chemical method. Each element has a unique number of protons. If you examine samples of iron and silver, you can't tell how many protons the atoms have. However, you can tell the elements apart because they have different properties. You might notice there are more similarities between iron and silver than between iron and oxygen.
