The MAQ6-6 is a microprocessor based, single zone temperature controller from Barber-Colman Company featuring Touch-Tune™ automatic tuning, Automatic/ Manual control select, "load line" adjustment, sensor offset, a setting "lock" function, power failure memory, as well as complete setup and configuration from the front of the instrument.

### MA Series Temperature Controllers

History of the Barber-Colman Company One of Rockford, IL, largest manufacturers began with the founding of the Barber & Colman Company in 1894. The company was formed from a partnership between Howard Colman, an inventor and entrepreneur, and W. A. Barber, an investor. [Today he would probably be considered a venture capitalist.]
