Pneumatech's condensate management portfolio includes solutions for separating, draining, detecting and treating oil condensate. The ECOBOX oil-water separator With the ECOBOX concept, Pneumatech offers a compressor condensate cleaning solution with excellent performance for compressed air systems up to 1530 m³/h (900 cfm).

Zero Loss Drains - Pneumatech Europe

Pneumatech's No Air Loss Drain is the industrial standard for reliable condensate management with superior quality and perhaps the simplest and most cost effective way to prevent wasting tremendous amount of energy. Using the ONLY & TRUE zero air loss drain on the market provides several distinct advantages over the competition.

PNL Series - No Air Loss Drains - Pneumatech

Pneumatech's TD Condensate drains discharge the condensate automatically, based on pre-set time intervals. The opening and closing times can be set with high flexibility, which make the drains suitable for almost all capacities. Guaranteed reliability thanks to robust solenoid valve and integrated Y-filter to prevent dirt from entering the valve
