After reading *Saving The Places We Love*, I felt like I had been on a walk in the woods with author Ned Tillman. From the opening chapter where Tillman dealt with the loss of a place he loved as a child, to captivating stories about some of the most special places on this planet, this book was both a joy to read and a call to action.

nation, because they belong to all of us.

## **We're Saving Places | National Trust for Historic Preservation**

Old places and music go hand and hand. They connect deeply to our identities, and they reach out to a very personal place in each of us. That's why the National Trust put together two preservation-themed playlists on our new Spotify channel, perfect for listening during a summer road trip, while you're restoring a historic home, or even when you're at work, writing about old places you love.

Love leads us to be open to exploring places we've never been before.... sometimes partnered with people we've never partnered with before. I believe the corporate social responsibility movement (AKA the sustainable business community) is the ideal place to begin championing this way out of the crisis... a way that marries both head and heart.
