### The Paleo Diet for Athletes | The Paleo Diet®

Put simply, the Paleo diet for athletes is a version of the Paleo plan that's been slightly modified. The standard guidelines recommend eating lean meat, fish, shellfish, fruits, vegetables, eggs, nuts, and seeds. You also need to avoid consuming grains, legumes, cereals, dairy products, processed foods, refined sugars, or added salts.

### How to Ace the Paleo Diet for Athletes | WellMe

Most the studies conducted regarding the Paleo diet, are geared toward endurance and intermittent athletes who have a high reliance on both the anerobic and aerobic energy systems, yet they do not focus on protein needs for these athletes. The Paleo diet is rich in lean meats (lean meat, fish, shellfish, eggs) and as a result encourages adherence to a high protein diet at baseline (Kowalkski & Bujko, 2014).

Tips to optimize your Paleo eating for even better performance. EAT ENOUGH FOOD. Fatigue and low performance are good indicators. EAT MORE FAT AND CARBS dON'T FEAR THE FAT. It's your body's preferred source of fuel. 100-150G OF CARBS PER dAY. But the more fat you eat, the fewer carbs you'll need.

### THE PALEO PLAN ATHLETE'S GUIDE

The Paleo Diet For Athletes is the follow-up to Loren Cordain's massively popular book, The Paleo Diet. In this book, he joins up with Joe Friel to discuss how to adapt the paleo diet for athletes, who have a need for more carbohydrates than the majority of the population. The approach outlined in this book is largely the same as the approach outlined in the original paleo diet book but it allows for diet modifications to be made, especially on the carbohydrate side of things.

### The Paleo Diet For Athletes | Ultimate Paleo Guide

Loren Cordain, Ph.D., follows his success of The Paleo Diet with the first book ever to detail the exercise-enhancing effects of a diet similar to that of our Stone Age ancestors. When The Paleo Diet was published, advocating a return to the diet of our ancestors (high protein, plenty of fresh fruits and vegetables), the book received brilliant reviews from the medical and nutritional communities.
