An alternative approach, known as "ascetical theology," involved seeking God through a life of prayer, devotion, self-denial, and mortification. The Renaissance, the Reformation, and the Enlightenment. During the Renaissance, medieval theology suffered further fragmentation, but theologians also acquired new conceptual tools. The late-medieval conception of Christianity had emphasized its contingent nature, its truth being not a logical necessity but the result of the will of God.

A proper theology of aging recognizes that our physical bodies are aging, becoming more feeble over time, and eventually die. Therefore to live only for them is truly a waste of our lives. Our focus should be that while we live in these physical bodies - we focus on the spiritual realities.

A Theology of Aging, part 3 - What Happens in Old Age?
Basically, Kingdom Theology divides human history into two broad periods of time: the "present evil age" and the "age to come." The first started with the fall of man and will last until the Second Coming of Christ. The "present evil age" is marked by sin, sickness, death, disease, war, and poverty.

Conflict between theology and science, and why it is critical: Back in 1991, scientists made many rough estimates of the age of the universe, ranging from 7 to 20 billion years. These were based on the crude models then available to scientists. Since then, estimates have been refined; almost all have grouped around 14 billion years.
